Java, Python, PHP

ADDITIONAL SKILLS

*C#, C++, Adobe Photoshop,
Selenium, JIRA, TestRail*

FRONT-END DEVELOPMENT

HTML, CSS, JavaScript, Visual Basic

DATABASE

MySQL

EXPERIENCE

GOVERNMENT EMPLOYEE | Municipality of Pagsanjan, Laguna, Philippines

Position: **MCR - Administrative Aide 1**

July 2024 - Jan 2025

- Assisted fellow colleagues with registering civil-related documents such as birth, marriage and death certificates.
 - Accompanied clients and solved their problems relating to legal matters namely changing of first name, correction of details in civil-related documents, and legitimation processes.
-

PROJECTS

FLIGHT BOOKING TRAINING SYSTEM FOR TOURISM AT LSPU (Capstone Project)

- Overview:** Developed a web application to simulate flight booking to tourism students at LSPU Sta. Cruz Campus
 - Technologies:** HTML, CSS, JavaScript for the front-end, and PHP, MySQL for the back-end, using Hostinger as web host, and AirportDB as API
 - Role:** Documenter. Mainly focused on documenting rather than development but designed and developed some features, handled some debugging, and merging contributions from three team members.
-
